UROP Program Features

1. UROP is open to first and second year students.

2. UROP students are YOUR research assistants. Their work with you is focused on supporting your research, scholarly, and creative activity agenda. Faculty are not expected to create an independent project for UROP students.

3. You will have the opportunity to interview and select the students you wish to invite into your project at the beginning of the Fall semester.

4. Students participate in the program for the duration of the academic year (Fall and Spring terms). Depending on your project, UROP students work 6-12 hours per week, as a paid undergraduate research assistant.

5. UROP provides numerous research skill building workshops including: Endnote, SPSS, STATA, Refworks,
