**R. Sample Cheating and Plagiarism Policy**

Academic integrity is the foundation of the academic community. Because each student has the primary responsibility for being academically honest, students are advised to read and understand all sections in CSULB catalog. Academic dishonesty includes **cheating, plagiarism, falsifying academic records, and other acts intentionally designed to provide unfair advantage to the student or the attempt to commit such acts.** If you are found to be cheating or plagiarizing, you will be subject to disciplinary action as per the policy outlined in the CSULB catalog.

**Cheating** includes but is not limited to intentionally giving or receiving unauthorized aid or notes on examinations, papers, or class assignments intended to be individually completed. Cheating also includes the unauthorized copying of tests or any other deceit or fraud related to the student's academic conduct.

**Plagiarism** occurs when a student obtains someone else's work and presents those ideas or words as her or his own academic work.

**Collusion** occurs when a student collaborates with another person without authorization when preparing an assignment.

**Fabrication** occurs when a student makes up data or results and records or reports them.
