California State University, Long Beach Research Foundation Hazard Communication Program (HAZCOM)

Introduction

The California Hazard Communication Regulation, California Code of Regulations (CCR), Title 8, Section 5194, was amended in May 1986 to include the Federal Hazard Communications Standard and only referred to as "Worker Right to Know." Under this legislation, CSULB Research Foundation employees have the right to be informed of the hazards to which they may be exposed during the course of their work.

The CSULB Research Foundation Hazard Communication Program (HAZCOM) has been developed to assist in ensuring a safe and healthy work environment for all employees by providing information about chemical hazards and other hazardous substances including controlling hazards located in the workplace.
